

MATHEMATICS POSTER EXTRA CREDIT ASSIGNMENT

Name: _____

Date: _____

Topic: _____

☆ Complete this assignment to earn up to 8 extra credit points towards your test/project grade of the marking period containing the date you hand the assignment in.

☆ Choose any topic we studied within the given marking period. Use this opportunity to be as creative as you wish! You can design a mathematical cartoon, create a “facts and information” poster, write a mathematical poem or story, demonstrate example problems, etc.

☆ The posters you and your classmates create will be used to decorate our classroom bulletin board. Please do not use paper smaller than 8½” by 11” (let me know if you need paper and I will gladly provide it ☺).

☆ You will be graded using the following rubric. You must hand this paper in along with your poster in order to receive any points.

	.3 Points	.8 Point	1.1 Points	1.6 Points
Basic Information	Your name and topic are both not displayed on the poster.	Poster is lacking you name and/or topic.	Your name and topic are displayed on the poster, but are difficult to read.	Your name and topic are displayed clearly on the poster.
